## Stavely Trims Cayley

The Stavely football team met the Cayley aggregation on their own grounds in the return match in the S. W. Football League, Wednesday evening. Cayley winning the toss elected to play with the wind which was blowing hard, diagonally across the field, Stavely taking the kick off at 6:35. During the first ten minutes Cayley pressed the local boys quite hard the wind giving them quite an advantage though they failed to accomplish anything. Considerable time was spent in throws-in the wind keeping the ball continually on the east side of the field. During the next 15 minutes Stavely rallied, turning the tables on the visitors and keeping the ball pretty well into their ground and it was from one of the numerous scrimmage around the Cayley goal that Stavely scored their winning tally.

Upon changing ends Cayley worked hard to even up matters, but playing against the strong wind and the excellent defence of the Stavely lads they only succeeded in breaking through on two or three occasions, otherwise the Stavely forwards kept the ball almost continuously in their opponents territory, but never succeeding in placing it between the posts, however, Cayley's goal keeper was kept busy defending his position. The game was inclined to be rough at times, but it must in fairness be said that the visitors were mostly responsible as the local men put up a clean and fast game and should with ordinary luck have won out by a larger margin.

## Avoid Cold Feet

There is nothing to say about the football game last week with Meckled but this, the home team have lost their grip and are not putting the best team in the field. True sportsmen and grit are always applauded, win or lose, and the Claresholm boys will show us that even if every game is lost that they will finish the season and make as strong an effort to win each game as if they were the leaders. Nothing succeeds like success but with confidence in the local eleven, the public expect to see every attempt made to put the best talent available into each succeeding game. It is a pity if any of the best players should take a notion that it is belittling to their dignity to continue even as losers. Stick it out and the Claresholm public will be pleased with the effort.

## Titles Bestowed by Sovereign, on Coronation Day

The announcement of the birthday honors was made on Coronation Day, last Monday. The King has been pleased to include a number of Canadians in the list. The premier of the Dominion is now Rt. Hon. Sir Robert Laird Borden, P. C., G. C. M. G., having been admitted to the Grand Cross of the Order of St. Michael and St. George. The Hon. Geo. Eulas Foster, Hon. C. E. B. de Bouchéville and Walter E. Davidson add a Sir to their names and K. C. M. G. to the end. It is now Sir J. A. M. Atkins, Sir Douglas Mawson, Sir Adam Beck, Sir Thomas Roddick, Sir W. W. Sullivan, each adding K. B., while W. K. McKeough was made C. M. G. Lord Kitchener of Khartoum is now Earl Kitchener.

### Equal Franchise Petitions

One of the departments of work that received special attention at the recent district conventions of the W. C. T. U. was that of Equal Franchise. At every convention excellent papers on the subject were read and definite plans made for the circulation of petitions in the interests of this movement. The United Farmers of Alberta and the W. C. T. U. are co-operating in the matter of circulating these petitions—the former attempting to canvass the country districts and the latter the towns as far as possible. In this way they hope to have a largely signed petition to present to the Government at the next session. In the course of a few days you will doubtless be waited upon by your signaturer.

### Scientific Temperance in Schools

Another topic of absorbing interest was that of Scientific Temperance Instruction. It is fast becoming a recognized fact that the state has failed in its duty to the boy if in giving him an education she has failed to teach him how to live. Mathematics, history and literature are all important and probably essential to mental development, but no one of them can take the place of any other, nor can they take the place of the teaching of the great hygienic laws that govern life and deal with the care of our bodies. "The house we live in." Nor is any child fitted for life until he knows the present day teachings of science regarding the effects of alcohol and narcotics upon the human system. To encourage and help the public school teachers and pupils in their work in this branch of study the W. C. T. U. are planning to conduct a series of Essay Contests. Supplementary courses of reading will be provided and pupils in the various grades will compete with each other in essay contests for which a cash prize will be offered by the Union.

Definite announcement of these contests will be made at a later date.

## Bow Valley

J. L. Harper reports no punctures in the new car as yet, except the leakage out in the pocketbook.

Id Dittio will not race his horse this year although he carried off the honors at the picnic recently.

Bow Valley was well represented at the U. F. A. picnic last week. But the ball boys are still wearing crepe.

Id Dittio had the misfortune to have the horse which he was riding slip and fall with him, badly spraining Mr. Dittio's ankle.

William Gardener has returned to this neighborhood but not alone. He was accompanied by the new Mrs. Gardiner. The Advertiser offers best wishes for a peaceful and happy voyage on the sea of matrimony.

Mr. and Mrs. Brewink entertained at their home one evening last week. The evening was passed very pleasantly and the playing of Miss Sheek contributing very materially to the enjoyment. Supper was served at 9:30.

Capt. McKay has not suffered any serious consequences from the accident which happened him last week when he was thrown from his wagon and fell across the rails in the C. P. R. yards last week. His horses had taken fright and ran from the Farmers' elevator north between the tracks, the steering of the wheels on the rails pitching Mr. McKay out on his back on the steel.

## Principal Scofield May Leave

It has been learned that a position has been offered on the staff of the Edmonton Public Schools to the principal of the public school here and that the advance of salary, about \$200 in excess of the salary offered in our public school and the rise of \$200 per month which the Edmonton school board offers will incline Mr. Schofield to acceptance. His many friends among the children and parents will hear the news of his probable departure with regret.

## WILL EXHIBIT

Our enterprising farmer, Nick Taitinger, is again trying for publicity for this town and district, having sent an exhibit of grain to the Anglo-American exhibit in London, England. He is also exhibiting at the Calgary Industrial Exhibition this year.

## Veteran Preacher Journalist Gone

Of Dr. W. H. Card who was formerly in charge of the Church of England Mission at Granum, the News-Telegram on Monday says in part as follows:

After a brief illness, Dr. William H. Card, a member of the editorial staff of The News-Telegram, passed away at five o'clock Sunday morning. Although he was confined to his home but a few days, he had been in indifferent health for some years, and it was this that compelled him to relinquish his duties in connection with the Anglican church. On graduating from Oxford, Dr. Card entered the newspaper profession, and for some years was a parliamentary correspondent of the London Times, leaving that work to enter holy orders.

On coming to Canada he was for several years, engaged with Dr. J. W. Robertson, who recently visited Calgary, in the interests of the department of Agriculture at Ottawa. Moving west he became head of the Agricultural college at Regina, and on resigning from that institution to re-enter the church work, he held charges at Wetaskiwin and Granum. Failing health forced him to leave a field that was very congenial to him, but he found one just as congenial and joined the staff of The News-Telegram three years ago. At first he confined himself to a daily farm letter, but later he branched out and contributed to other departments, principally the editorial. His signed letters on agricultural subjects were a valued feature of his work and these brought him into touch with a large constituency.

A courteous, genial gentleman Dr. Card was a great favorite with the other members of the staff, by whom his demise is deeply regretted.

## Barons After Oil Too

After having filed in over 7,000 acres of oil leases, in the Black Spring Ridge and Keho Lake districts, lying north of Leithbridge about 25 miles, and having them passed upon and explored by the celebrated George A. Reynolds, of California oil fame, now of Calgary, over 65 of the leading citizens from Calgary, Leithbridge and Barons met in the L. O. O. F. hall at Barons on Friday last, and effected the preliminary organization of a corporation to be known as the "Keho Lake Oils, Limited."

## Carnforth

The local U. F. A. met again Saturday, June 27th, at 8 o'clock. The membership is now 34. Everybody is welcome.

The Pure-Bred Male Association have secured a fine Shorthorn bull from the Government. T. Foster is caretaker.

Farmers' faces are lengthening out here, also cross eyes and temples. It is rumored that hard-time dances will be fashionable again this winter.

The prohibitionists here have cause to congratulate themselves, not a drop of "wet" to be found. Even the creek are dry. Still we have the consolation of the wind and dust, and the oil. Man wants little here below, but wait till next year.

Messrs. Bowie and Holding were swapping yarns and sympathizing with each other Sunday, and incidentally chasing calves from the apology for a garden. They left better for it. It was too windy to play horse shoes.

## Star Line

(Too late for last week.)

Mr. and Mrs. Funk and daughter were to Calgary this week.

S. C. Williams has had a fence erected around his half-section.

Most of those who attended the social were "hard luck" costumes.

The Epworth League meets next Sunday evening at Wm. Barr's, Lester Barr leading the meeting.

A birthday garden party was given at the home of J. J. Anderson last week in honor of his daughter.

At the "Hard Times" social at the Star Line school everyone had a fine time last Friday evening.

The local nine trimmed the Clear Lake team by a score of 5 to 4.

The battery for the locals was Schram and Kerr, for the visitors, Grube and Stephens.

## Claresholm View

Matt Stephens is working for Joe Muckenhorn.

Mr. and Mrs. Larsen spent Sunday at Schunacher's.

Quite a number here attended the Farmers' picnic last Friday.

Ernest Bassian left for his hometown east of Barons last Saturday.

The Clear Lake Baseball team has had the bad luck to lose three straight games. They are looking for better luck when they meet Meadow Creek on Saturday, June 27th.

## We Rubbed It In

In the game with Granum last Friday on their home ground, the Claresholm club had no time to catch their wind. It was swat and run, until darkness shut down on the field of slaughter with the score Claresholm 21, Granum 6. It was enough to make a potato wipe its eyes and the town clock ring its hands. Twelve autos from Claresholm made the trip. The following tells the tale:

## Attractions At Fair

Visitors to the Calgary fair this year will be treated to one of the best arranged list of attractions which this exhibition has ever presented. Every act before the grandstand will be a headliner, and some that not usually seen even in the high class performances. The Flying Levans thrill the spectators with their perilous performances and mid-air somersaults. Mills, Celeste rises supreme in a huge steel arena over a troupe of treacherous leopards. Major Fred A. Bennett presents picturesque stilt walking and dancing which as an all round entertainment has few equals. Then there are the Florence Hurley acrobats, the riding Castells and Frederick Debel who goes the sensational limit in spectacular high-wire work. The fireworks will include a set piece commemorating the 100 years of Peace. The thousands of visitors to the fair every year have never listened to a more magnificent musical programme.

The following bands have been engaged: The Winnipeg Citizens' Band, The Calgary Citizens' Band, 106th Regiment Band and the Leithbridge City Band. A special feature of the evening programme on each day of the fair will be the military tattoo in which four bands will take part with a total of 125 musicians. This year the combined band will contain twenty-five more instruments than last year, and the music will unquestionably be the best ever presented in Western Canada. On Citizens' Day, Friday July 3rd, the Calgary Police's Band will add to the programme, and Miss McMillan will perform one of her inimitable Californian dances.

Ed. McCandlish and H. Archibald, of Havre, who own property near this town and A. Antfin, of Oualba, Neb., motorist from Havre, Mont., leaving on Sunday and arriving here on Monday.

## TWINE

As quotations were given by a local implement agent to the U.F.A. recently on International Harvester Co. Twine, the following paragraph from a letter signed by Chas. McClenaghan, manager of the Lethbridge Branch of The International Harvester Company of Canada, Limited, speaks for itself.

"As we have stated, there is no one excepting yourself handling twine for us in Clareholm, and furthermore we can assure you that no twine will be shipped to any one in your town this year besides yourself. Therefore they are not in a position to inform the farmers that they can obtain our twine at a lesser price than you are able to quote."

Mrs. R. C. Hayward was the raison d'etre of a very charming tea given on Wednesday afternoon by Miss Jessie Parr at her home. In view of the departure from Stavelly of Mrs. Hayward, she was surprised by several of her lady friends and presented with a silver crumb tray suitably engraved. Among the ladies present were Mesdames Hopkins, McAulay, Crumley, McCuaig, Bruhn, Allan, Irvine, McMeekin, Dixon, Deiler, Ditto, and Miss Tilly Rye.

The directors of the local Agricultural Society met on Tuesday to outline a programme for the present season. They decided to go carefully in the matter of improvements at the Fair grounds, but among other things they will have the main building re-painted, and the grounds immediately surrounding it levelled; and for that purpose a number of the directors volunteered help in the shape of teams and men and a bee will be held on Monday, June 22.

## Claresholm Locals

Miss Hazel Strang left-to-day for the hospital at Banff.

Miss Blanche Colp is spending a few days with friends at Stavel.

Oden Nelson returned from a flying visit to Spokane on Tuesday.

Fred Hall, a one-time well-traveler here left on Monday for the coast.

Roy Burton of Calgary, spent the week end visiting friends in town.

BORN—On Tuesday, June 16th, to Mr. and Mrs. Brady, a daughter.

S. L. Fraser was in Lethbridge on Tuesday and secured some leases.

Mrs. Wm. McAdoo, of Lethbridge, is a guest at the home of Mrs. Vanhorn.

Miss Katherine McInnes, of Grannum, is a guest at the home of Mrs. Steinhil.

Miss A. R. McRae has been engaged in her old position on the staff of the public school.

Mrs. C. W. James went to Calgary on Saturday to spend a week with Mrs. S. Hutchinson.

Miss Isabel Whitney is spending a few days at the rectory on her way home from Calgary to Bow Island.

Messrs. Munro, Jones, L. Clark, Forbes, W. G. Moffatt and J. J. Reid, spent the Sunday picnicking in the hills.

Mrs. D. B. Vanhorn returned this week from Blairmore. Her health is much improved from this visit to the springs.

G. W. McIntosh, of Victoria, B. C., spent Sunday with his sister, Mrs. W. T. Cochran. He will make another short visit this week.

Miss Evelyn Thompson, who has been spending several months with her brother, A. E. Thompson, left on Monday for her home in Winnipeg.

J. Sandford, J. Hughes, Fred Winick, Dick Austin, M. A. Lebeau and John Nerngen made a trip on Sunday by motor car to the oil fields.

The lawn party which the Methodist ladies were to have held last night was postponed, on account of the rain. No one regretted the postponement.

R. E. Moffatt went up to Calgary on Monday evening. O. J. Amundsen also went north on oil business. T. C. Milnes went up on Tuesday morning.

The W. C. T. U. meeting on Thursday evening will take the form of a "cup of tea," (what ever this is,—Ed.) at the home of Mrs. O. J. Amundsen.

Rev. J. W. Miller, formerly of Barons, has retired for the present from the Methodist ministry and will live upon his farm east of Munson.—Lethbridge Herald.

Three pounds have been already erected in the rural municipality of Argyle, one at the farm of Gus Benson, one on the farm of Ole Husdal and another at Rold. Whitehead's.

Miss Sellick and C. D. and Mrs. Ayling have removed from their previous home on Railway St. and are now located in the house on First Av. N., one door east of the house occupied by Marjorie Wall.

P. M. Abel, the instructor in animal husbandry at the Claresholm School of Agriculture, left on Tuesday to attend for about a month the Graduate Students in Agriculture Short Course at Columbus, Ohio.

T. P. Mosley, and Mrs. Mosley took a trip to the Hills on Friday to make a visit to J. Rae and Mrs. Rae. The latter was a little girl when Mr. and Mrs. Mosley were living in Oregon. They returned home on Sunday.

Major School preached last Sunday and lectured on Monday to the Medicine Hatters in the Fifth Av. Methodist Church. He left for Calgary to fill an engagement at the military camp, speaking about the practical lessons learned on the battlefields of Mexico.

J. J. Vance and Mrs. Vance, F. Downs and Mrs. Downs motored to Lethbridge on Wednesday and returned on Thursday evening. They made a hole in the few remaining acres open for leasing. J. J. Vance went to Calgary on Thursday.

An accident is reported to Fred Matkin at the military camp at Calgary on Monday. The unfortunate man was thrown from a horse and his collar-bone broken. This may be our redoubtable Fred Watkins.

A. E. Thompson received word that Mrs. A. E. Thompson, who is east on a vacation, was compelled to undergo an operation at the hospital in Peterboro, Ont. Mrs. Thompson is convalescing and her many friends will be delighted to hear of her recovery.

A. N. Moust formerly of Pincher Creek, now civic auditor for the city of Edmonton has had poor health since going north. He was on his way to the south on Monday but taking worse it was necessary to remove him to the hospital at Calgary on Tuesday afternoon.

The Macleod boys' baseball team is located here on Saturday to play a return match with the juniors of this town. The Macleods boys evidently have no age limit and in the game at Macleod last week they beat our boys by a score of 15-5.

With the announcement of the re-appointment of Miss Annie R. McRae to a position on the school staff, it will be a source of great pleasure to her many friends among the parents and the pupils and at the same time it may anticipate any adverse criticism that might arise, if the way that in a communication from the physician-in-charge of the Gravenhurst Sanitarium, bearing date June 15th, 1914, he certifies that no indications of pulmonary trouble were in evidence in his examination of the month previous and he assures her that through the training which she has received and by the advice which she has been given and which she followed she is in every respect in stronger and better health than she was before and that she is in such a condition of health that no pupil is in any danger of being injured by her presence in the school room. This is excellent news and the Advertiser is pleased to make it known.

## Rampaged Again

Another wild race through the streets of the town, at last stern chase for several miles by Corp. Moorhead in an auto, an ignominious surrender, an appearance at the barracks, a fine of \$25 and costs and interdiction for two years, was the result of losing a fall to John Strathmore last Saturday night. It is hoped that this second lesson within two weeks will tame the ardor of one of the farmer boys from north of town. Curcense needed taming.

## Opening Gun in Temperance Campaign

The Claresholm people are to experience the treat of hearing Rev. J. M. Fulton, D.D., associate secretary of Temperance and Moral Reform for Alberta, who will address a meeting in the Methodist Church on Thursday evening. Dr. Fulton is one of the most pleasing speakers and is thoroughly conversant with his subject. The campaign is being opened and this is a rally call to the friends of temperance.

The meeting will begin at 8 p.m. sharp. Matters of organization will be taken up.

## Creamery Adding Patrons

Three new patrons commenced on Friday last at the Creamery. On Saturday the largest churning since the creamery has been in operation was made, over 750 lbs. of butter being turned out. The farmer is beginning to find out how pleasant is the regular coming of the cream cheque, rain or shine.

## Local Stock Selling Rapidly

The Claresholm Oil Company placed their first issue of 75,000 shares of the stock of their company upon the market beginning last Friday and have met with a loyal response from the people of this town and district. Business has been brisk and the Alberta Oil & Brokerage Co., report a vigorous movement in all their offerings. It is expected that the premium issue will be over-subscribed very shortly. The local company being composed of business men and farmers who have property interests in the district will drill on their holdings just as soon as the necessary funds are in the treasury and it is in the interest of all that the sinews of war be provided at an early date. Those who are procrastinating in their stock purchases are not only jeopardizing their own interests but are also delaying the actual drilling operations. The stock is the most promising being offered here and ordinary business intelligence will discern the stability of the local company as compared with foreign oil companies.

## Lessons From Drought

(Communicated)

The exceedingly dry and very serious weather conditions which now exist in the southern part of this province, extending from township fourteen practically to the boundary, affords, next to the oil situation perhaps, the most fruitful topic of conversation all through that district. That a very serious condition exists cannot be denied by the most optimistic, and since we cannot account for the erratic moods of the weather man, or offer anything to relieve the present unfavorable weather conditions, we can only accept the inevitable, look as pleasant as may be, and learn the lesson these seasons teach; and in this way guard against the possibility of a dry spell such as we are at present enduring. This in a few words means that we must get down to dry-farming methods.

We, who have farmers for any length of time in this part of the country, know what this means, more summer-drying of our crop acreage, more careful cultivation, and more particular attention to the growing of fodder crops. It is not our intention to inflict upon our readers a lecture on farming methods, we leave that to more competent authority, but we would wish it possible to draw attention to a very real and serious condition which at present exists, and is always within the range of climatic possibility and in this way, by the use of a little common sense get down to a close and careful consideration of what can be done towards guarding against the results of a repetition of such dry weather, for we know that much can be done and that much is done in countries having similar experiences, in ameliorating the disastrous effects of drought, and why cannot we, viewing the situation from a philosophical standpoint, realize that though we may be here now, this country was here first and we must adjust ourselves to it, and govern ourselves accordingly; and if we would do this, there is not the least doubt but that the results will be beneficial. (Even with the rain now falling copiously, the lesson is as valuable.—Ed.)

## Another Garage To Open

Another new business enterprise is about to be launched in the building at the corner of Third Avenue, opposite the council chamber. A. E. McAllister, who has well proven his mechanical skill and particularly his knowledge of the auto repair business, will open the Alberta Garage in a day or so. Cars will be repaired, cleaned or stored. His fuller announcement will appear next week.

## Balfour News

The second annual picnic given by the Balfour Local U.F.A. was held Friday, June 19th. It was a success in every way. The day was an ideal one, and there were fully seven hundred people on the ground. The picnic was opened by an address of welcome by Mr. Malchow, the local President who introduced Mr. W. J. Trequillus of Calgary, President of the U.F.A., who spoke on the program already made by the U.F.A., and pointed out the bonfire already derived from co-operation. Mr. Trequillus was followed by Vice-President Carswell of Red Deer who spoke at some length on the live stock branch of the Farmers Co-Operative Elevator Co., and of the Park Packing Plant. The addresses were both greatly enjoyed by everyone present. The success of the picnic was largely due to the several committees. The refreshment booth was in charge of Mr. Charles Tyson, assisted by Mrs. Tyson and Mrs. Enquist. Everyone was loud in their praise of the manner in which it was arranged. The sports program was arranged by Mr. Francis Sykes and Wm. Wakefield, the entertainment by the Miles, Sykes and McGarvey, and the baseball was in charge of Mr. M. A. Gavenny. The game between the Balfour nine and the Mosquito Creek nine was a good one, the score being 11 to 0 in favor of the home team. The afternoon was crowded full of sports of all kinds. The free-for-all running race was captured by Jas. Armstrong with Sid Cochlin a close second. The barrel race went to Carnes with Riford second. The gentlemen's race, 100 yards went to Kibler, Reddison second. The boys race 5 to 13 years, 75 yards was won by Master Ward. Young Ladies 75 yard race won by Miss Stranghan, second Miss Sanford. The three-legged race was won by Malchow second by Stranghan. The race of war was carried off by the married men. The men's standing high jump went to Mr. Dittus. The bucking contest went to Francis Sykes, second to Carnes. This closed the day's sports and everyone went home with a smile on their face, fully satisfied with his or her self and with everyone else.

## Slavely Won From Nanton

Only one game was played in the South-Western Football league, Slavely defeating Nanton, 2 to 1, in the best game that has been played this season. Good combination and favorable field conditions made the game a most interesting one for the spectators.

An Indian trek passed through town headed south today. There were over a dozen teams.

## NECESSITY NOT VANITY

In the old days, when a person had a photo taken, he was considered vain, but in these modern times, when our friends and relatives move to new lands, we find a photo to be of real value, not only to picture to distant friends the loveliness of our children, but to bestow a family record of the changes that take place in such a few years.

If we only knew that one of our loving children was to be suddenly taken away from us we would fit to the nearest photographer and have his photo taken. Every family should be prepared for this and should have their children photographed, either separately or in a family group.
